

KTR1700 SERIES THE MILD STEEL EDITION

Precision Conveyor Rollers

Equipped with sealed polymer bearings (EBUs) and greased precision bearings, our **KTR1700 SERIES** is a versatile and durable option for a wide variety of applications, be it under-belt or free rolling application.

These rollers produce low noise, approximating at 30-35DbA.

Mild Steel rollers supplied under this series are supplied with a BZP tube as standard and self-colour axle.

0 < 50 °C
